

MESSAGE FROM THE OFFG ADJUTANT GENERAL

Lt Gen Harish Thukral
SM

- 1. I extend my warm felicitations to each member of 'AWES TEAM' for excellent performance of all Army Public Schools and Colleges during the academic year 2016-2017. This was only possible with hard work, dedication, zeal and competence by each one of you. Educators need a special acknowledgement for the job well done. I am positive, all students have been well steered by you.*
- 2. The field of education is witnessing new developments and path breaking initiatives at a rapid pace. As educationists, we need to keep abreast with these changes and incorporate them in our education philosophy. Simultaneously parents need to be also apprised of students' performance for holistic development of their wards personality. I am sanguine that AWES will rise to all challenges and guide the wards in best possible manner. Please be conscious that you all add value to character building and ensure students achieve glory in their selected fields. I wish the entire AWES Team comprising of Teachers, Students, Administrators and Staff all the best for the ensuing year.*

Place: New Delhi

Dated: 17 Mar 17

(Harish Thukral)
